

39 Years of Import Experience

Ray's was started in 1973 to meet the growing demand for service and repair of the VW Beetle. Since 1973, Ray's has gained expertise with all European and Japanese imports. The skills and knowledge of our ASE Certified Mechanics and Master ASE Certified Mechanics ensure that each car is serviced or repaired in accordance with the manufacturer's specifications and to your satisfaction. We also service all domestic makes and models.

Murfreesboro's Oldest and Most Trusted Import Auto Repair

We are Murfreesboro's most experienced import auto repair shop. Since 1973, we've been providing expert repair and maintenance to the owners of Volkswagen, BMW, Mercedes, Toyota, Honda, Volvo, Audi, Hyundai, Kia and Nissan throughout middle Tennessee. Whether you need an oil change, tune up, diagnostic, emission inspection repair, turbo charger repair or complete engine or transmission overhaul we will provide bumper-to-bumper professional service.

“Complete customer satisfaction is our first priority. We've been serving middle Tennessee for 39 years and our reputation means everything to us.”

- George Russell, Owner

5 Star Auto Repair Service ★★★★★

Shuttle Service

Ray's offers FREE shuttle service to all customers in Rutherford County. Drop off your car and get a ride back to work or home. We will pick you up when your car is ready.

Dealer Quality Maintenance

You'll receive dealer quality service and maintenance that does not void your warranty. Maintaining the manufacturers service schedule keeps your car running smoother and more efficiently.

Competitive Pricing

We understand today's economy and will match or beat written repair quotes from dealerships and import independent repair facilities.

ASE Certified Mechanics

Ray's is here when you need us. Master ASE Certified technicians will repair your engine, transmission, air conditioner, electrical, or any other issue on your German, Japanese, European or domestic vehicle. We honor a 1 year warranty on all repairs.

Performance Service

Our staff offers installation of performance parts, remote starters, Bluetooth systems, stereos, and almost anything else modern or classic cars require.
